SUMMARY

Nuclear engineer with over 10 years of experience in thermal-hydraulics, reactor safety analysis, and scientific computing for sodium-cooled fast reactors (SFRs). Proven track record of developing in-house simulation frameworks for plant dynamics. Passionate about bridging classical reactor simulations with modern techniques including high-performance computing, machine learning, and simulation process & data management.

EDUCATION

Homi Bhabha National Institute (HBNI), Mumbai

Ph.D. in Engineering Sciences

Kalpakkam, TN

Jan. 2024 – Dec. 2027 (expected)

Homi Bhabha National Institute (HBNI), Mumbai

Master of Technology in Mechanical Engineering, Specialization in Fast Breeder Reactor and Recycle Science & Technology

Kalpakkam, TN

Aug. 2014 – Dec. 2016

College of Engineering, Guindy (CEG)

Bachelor of Engineering in Mechanical Engineering

Chennai, TN

Jul. 2010 – Apr. 2014

EXPERIENCE

Scientific Officer

Indira Gandhi Centre for Atomic Research (IGCAR), DAE, Govt. of India

Aug. 2014 – Present

Kalpakkam, TN

- Performed plant dynamics and safety analysis for indigenous Fast Breeder Reactors (FBRs)
- Conducted system thermal-hydraulic analysis for sodium-cooled reactor systems
- Contributed to the development of Severe Accident Management Guidelines (SAMG) for fast reactors
- Participated in IAEA Coordinated Research Projects (CRPs) related to reactor analysis: FFTF and S-Allegro benchmarks
- Mentored undergraduate students and trainees in reactor simulations, and scientific computing

PROGRAMMING/SOFTWARE SKILLS

Programming Languages: Python, C/C++, Fortran, MATLAB

Engineering Software: Flownex

Developer Tools: Git, Sphinx, L^AT_EX, etc.

Scientific Libraries: NumPy, Scipy, Matplotlib, CoolProp, etc.

PROJECTS

PINET: Thermal-Fluid Simulation Framework

- Developing an in-house general-purpose plant dynamics code for reactor system analysis
- Implemented parallel solvers and domain decomposition techniques using OpenMP, MPI
- Exploring machine learning approaches (PINNs) for transient prediction

PUBLICATIONS

Journal articles: **9** (7 published, 2 in press) Conference papers: **10+**
